Dear Daniel

**Planning Application 2021/1267.
111-117 Putney High Street SW15**

The Putney Society wishes to OBJECT to this application.

Once again this proposal is almost indistinguishable from refused application 2020/4056 which in turn was a very slight reduction on 2020/3362 refused last September. We would ask you again to remember that the original consent for this site (2019/0496) was only granted after revised drawings were submitted at the council's request removing the whole of the penthouse floor now proposed again. Perhaps the applicant needs reminding.

The renders claim to show that the extra floor may not be seen from street level, but it still clearly stands higher than the outer roof slopes and if not visible from the street will be from adjacent upper level residential windows that the roof terrace would overlook. The surroundings to the site have not changed and nor have your reasons for rejecting this extra floor last year. What was enough in 2019 is still enough in 2021.

Yours Sincerely

Andrew Catto
