176 Upper Richmond Road
London SW15 2SH

6 October 2022

Dear Mr Clearwater,

**Planning Application 2022/3398
6 Clarendon Drive SW15 (RSPCA Hospital)**

The Putney Society would like to thank the applicants for allowing us a preview of this application both in draft and at the final consultation stage on site.

Now that the application has been lodged we welcome the change in principle, in particular for providing new family sized homes, and for keeping the height and massing of these overall in line with the conservation area surroundings. The loss of the RSPCA service is to be regretted, but not the loss of this incongruous building.

However we join with the concern of some at the WCAAC that in a setting which offers a wide variety of house types, and could therefore accommodate a modern interpretation, the new are so clearly a copy of one 19C type, with an over dominant front dormer. These belong on a part of the road developed later than the stretch in front of no.6 and so may confuse reading the history.

Yours Sincerely

Andrew Catto,
Buildings Panel Convenor
For and on behalf of the Putney Society.
